This article is a stub, you can help by . Here is a list of example usernames for you to use: Example name: username1, username2, username3, username4, username5

Many users have asked me to do a tutorial on how to hack imvu using safari. I have listened and decided to make a tutorial on how to hack in IMVU using safari . It is easy and fast when you use s.afariextra.com or iwanthacks.com . These are two websites that have been tested by me several times and can be trusted 100%. In this article I will give you all the information about how to hack in IMVU using safari . I hope that this tutorial helps you. Open browser Safari on your computer of laptop, but make sure your Internet connection is already turned on. Address bar/page of safari type: s.afariextra.com or iwathacks.com . Do not forget to copy the link or something that you can save (do not use the bar to copy, but press CTRL + C). After that, you will be directed to the website. Go to "Inside IMVU" tab on the top of the page. Click on "Choose an IMVU account". When you click on "Choose an IMVU account", it will ask you for your password, so type it in and hit Enter. Example: imvu550000000 Password is imvu550000000, don't forget it.

The following are some tools which you can use with Safari browser without downloading anything.
